

PLAY & LEARN DAILY SCHEDULE

6:30	Morning Greetings, Breakfast & Quiet Activities	We're learning our daily routine & getting ready for a busy day!																		
8:00	Table Top & Floor Games: Time to learn while we play with blocks, books, puzzles, games and construction toys. We always clean up when we're done!	We're practicing small muscle skills and developing language. We're classifying, counting and taking care of the things in our classroom.																		
9:00	Circle Time: Let's start our day together. Who is here today? Let's talk about the calendar—who knows the month and the day? Let's practice how we say the days and months in Spanish.	We're developing social skills by listening and taking turns. We're improving our language skills and learning introductory Spanish. We work on counting, letters and sight words.																		
9:30	Learning Centers: Here's where we get to choose what to learn and practice. Small groups work on learning and art activities during this time, and we also enjoy a healthy snack!	<p><u>PRESCHOOL & TODDLER LEARNING CENTERS:</u></p> <table border="0"> <tr> <td>At the...</td> <td>We're Learning...</td> </tr> <tr> <td>Library Nook</td> <td>To read words from left to right</td> </tr> <tr> <td>Science Corner</td> <td>Thinking skills</td> </tr> <tr> <td>Dress Up</td> <td>Small muscle & Self-help skills</td> </tr> <tr> <td>Building Blocks</td> <td>Muscle coordination; size & weight concepts</td> </tr> <tr> <td>House and Home</td> <td>To group objects & practice social skills</td> </tr> <tr> <td>Art</td> <td>To express ourselves creatively</td> </tr> </table> <p><u>PRESCHOOL LEARNING CENTERS:</u></p> <table border="0"> <tr> <td>Computer</td> <td>To follow directions</td> </tr> <tr> <td>Introductory Printing</td> <td>To recognize & practice numbers and letters</td> </tr> </table>	At the...
