## 2022-2023

**"Play is often talked about as if it were a relief from serious learning.  
But for children, play is serious learning. Play is really the work of childhood."**

## Welcome

### Mission

Play & Learn strives to serve families and children by providing a supportive and secure environment where children ages six weeks through ten years can play, learn and develop positively and in which parents can have confidence.

### Philosophy

At Play & Learn, we are dedicated to the positive development of each child in our care. We believe that as children interact with people and materials in a learning environment, they develop their own unique concepts and ideas.

They expand their cognitive, social, emotional and motor abilities through challenging, yet non-stressful, activities in a nurturing atmosphere. Play is work for the young child, allowing them to develop a meaningful understanding of the world around them.

### Organizational Structure

Play & Learn is a not-for-profit 501(3)(C) organization governed by a volunteer Board of Directors. The Play & Learn Chief Executive Officer reports to the Board of Directors and oversees the operations of the organization. The Chief Operating Officer oversees the programs at Play & Learn. Each Play & Learn Center has a Director, who manages their Center's daily program. The Center Directors report to an assigned Regional Program Director and to the Chief Operating Officer. They are supported by the Central Administrative Team, which includes Marketing, Enrollment, Accounting, Program, Employment, and Development.

### Program Overview

With 11 locations throughout Montgomery County, Play & Learn provides year-round, high-quality care and early education for children ages six weeks through kindergarten. We offer a Department of Education licensed preschool, certified kindergarten and before and after kindergarten programs at several locations. All programs are licensed by the Department of Human Services.

Play & Learn provides management services to the Jefferson Abington Health Gerstadt Center, Montessori Children's House schools in Blue Bell and Warminster and Jenkintown Day Nursery in Jenkintown. For more information, please call 215-643-4142 or email [admin@playandlearn.com](mailto:admin@playandlearn.com). Play & Learn maintains an Open-Door Policy and welcomes parents/guardians to visit their child.

### Keystone STARS

All Play & Learn centers are currently participating in the Keystone STARS Certification Program. Keystone STARS is a four-level program in Pennsylvania to evaluate and improve the quality of childcare. The program offers Standards, Training, Assistance, Resources and Support (STARS) to childcare providers to improve and recognize achievements. For more information about the Keystone STARS Program, visit their website at [www.pakeys.org](http://www.pakeys.org).

## Programs & Curriculum

Play & Learn offers a developmentally appropriate, educational curriculum for infants through Kindergarten. Our programs integrate hands-on activities, imaginative play and real-life experiences which foster learning at each age level. We believe that play is work for young children, allowing them to develop a meaningful understanding of the world around them.

### **The Creative Curriculum®**

Across the United States, teachers use The Creative Curriculum® to prepare more than a million young children for success in kindergarten and beyond. There are 38 research-based objectives that define the path teachers take with children in the classroom. The objectives cover 10 areas of development and learning:

- |                   |                               |
|-------------------|-------------------------------|
| -Social-Emotional | -Mathematics                  |
| -Physical         | -Science & Technology         |
| -Language         | -Social Studies               |
| -Cognitive        | -The Arts                     |
| -Literacy         | -English Language Acquisition |

Our staff, experts in early childhood development and education, observe and evaluate each child's learning, behavior, progress and adjustments. Through encouragement, staff help each child develop his own pattern of interests and talents.

#### *The Creative Curriculum® for Infants, Toddlers & Twos*

The Creative Curriculum® for Infants, Toddlers & Twos helps caregivers and teachers provide care and experiences that are nurturing, consistent, and loving and that will help your child flourish.

The Creative Curriculum® for Infants, Toddlers & Twos will guide your child's caregivers and teachers in creating a classroom environment filled with responsive daily routines and meaningful, individualized experiences that nurture your child's learning and development.

The routines will be familiar to you: hellos and good-byes, diapering and toileting, eating and mealtimes, sleeping and nap time, and getting dressed. These routines are an important part of your child's day, and ensuring that they are consistent and nurturing will help your child build trust and form the positive relationships with his or her teachers that are the foundation for learning.

In addition to daily routines, The Creative Curriculum® for Infants, Toddlers & Twos will support your child's caregiver or teacher every day as she engages your child in meaningful experiences, such as playing with toys, enjoying books and stories, creating art, and going outdoors. It will help your child's teacher observe what your child does and select materials that match your child's growing abilities and interests.

#### *The Creative Curriculum® for Preschool*

The Creative Curriculum® for Preschool will fill your child's day with rich learning experiences rooted in exploration, discovery, and play.

Constructive and purposeful play is essential for children's learning, encouraging discovery and exploration, and supporting children's academic growth. When children play, they acquire language, learn to solve problems, learn to control their behavior and feelings, and explore social roles. They learn about themselves, other people, their community, other communities, and the world around them. They find joy in learning.

The Creative Curriculum® for Preschool is a comprehensive, research-based curriculum that features exploration and play as a way of learning. It helps our teachers create a high-quality learning environment for the children in our care.

Through studies, which are hands-on project-based investigations, The Creative Curriculum® for Preschool helps teachers build children's confidence, creativity, and critical thinking skills- setting them up for success no matter where life leads them.

### ***Parent Involvement is Important!***

When teaching and caring for your child, we value your involvement, because a meaningful partnership with you helps our program to respond positively to your concerns and encourage mutual trust and confidence. Your partnership with us plays an enormous role in how your child experiences our program and what he or she will gain from the experience.

Theater Tots also helps preschoolers to build self-confidence, creativity and public speaking skills through both imaginative play and performance.

Each summer, Play & Learn offers a 10-week summer program that runs from mid-June through August. From arts and crafts to picnics, water play and special events, children will get to experience the wonders of a summer vacation close to home. ## Enrollment

### **Enrolling Your Child**

Once you have visited the program and the Center Director has confirmed there is space available for your child, she will provide you with an application and other enrollment forms. The Director will also give you a Child Profile Book, which provides us with detailed information about your child. If your child has special needs, please discuss this prior to enrollment, to assure that the needs can be managed within our classrooms.

If you are seeking enrollment within 60 days and there is an opening, the Director will set an entrance date. If there is no opening or if the start date is more than 60 days from the application, you will be placed on a list for future enrollment.

When a particular room becomes full, Play & Learn will form a waiting list for that room. Placement on the waiting list will be based on the date of application.

When the Director receives notice that an opening will occur in a group, she will refer to the waiting list for that group to determine the first eligible family. The family may either:

- Agree to start on date opening occurs
- Agree to begin payments as of that date to hold their child's spot, or
- Decide to postpone enrollment.

When enrollment is postponed, the date of application will be changed to the current date, which may result in a move down on the waiting list.

To reserve your child's spot, return the completed application forms to the Play & Learn Center Director or the Administrative Office. Along with the paperwork, the following fees should accompany your application:

- \$65.00 nonrefundable per family registration and insurance fee. Upon receipt of the fee, your child will receive a free Play & Learn t-shirt or infant onesie. Children re-entering the program within two years of original entrance date and siblings of current children do not need to pay a \$65 registration fee.
  - Deposit: If entrance date is 60 days or less, 4 weeks of tuition is due (2 weeks non-refundable).
  - Deposit: If entrance date is 61 days or more, \$85.00 non-refundable deposit is due. In addition, you, will receive a bill requesting one month of tuition 60 days prior to entrance (2 weeks non-refundable).

Any deposit paid will be credited to your first bill. Following registration, an agreement noting the payment policies and tuition for your child will be mailed to you. This form must be signed and returned to the Administrative Office prior to entrance. The original will be returned to you.

The Abington Gerstadt Play & Learn center is only accepting enrollment for Jefferson Abington Health employees and affiliates. The Abington Gerstadt Play & Learn center is not accepting community enrollment at this time. All community families will be placed on a waitlist for future openings.

## **"Getting to Know You" Meeting**

The "Getting to Know You" meeting is offered between the Director, Teacher and the parents to create a partnership between the teacher and parent and to discuss the child's learning opportunities in the program.

## **Special Needs**

If you are a person with a disability and require some special accommodations, please notify your Center Director so we can do our best to accommodate your needs.

## **Early Intervention**

If any early intervention services are provided for your child, it is recommended that you give the IEP or IFSP documentation to your Center Director. This information will be confidential and will assist in providing an appropriate program. The Center Director may also request an evaluation for your child if a need becomes apparent.

## **Inclusion**

Play & Learn is committed to providing a learning environment where all children are included. Staff will work with families and the child's multidisciplinary team to make any necessary accommodation for children who enter the program with documented care plans or IFSP/IEP's. The center director will go over the *Voluntary Authorization to Release Information, Service Provider Handbook, and Permission to be Supervised by Service Provider* forms with families during enrollment. We will set up an introductory meeting or phone conference with the child's service provider(s) to discuss the individualized service/treatment plan goals, prior to the child's start date, or within the child's first 30 days of enrollment. Parents/caregivers will be encouraged to take part in the meeting. A plan for ongoing communication between the home, service provider and childcare will be discussed during the meeting.

Children who may have undiagnosed or undocumented needs will be referred to the appropriate community service provider for further consultation once screenings and observations have been discussed with the child's family.

## Day-To-Day Care

### **Your Child's First Day**

Your child's first day in a new program can be a stressful time for everyone. We recommend meeting with your Center Director one week prior to your child's first day to review your child's enrollment, meet with the staff, and drop off supplies. This is a good time to review the Child Profile book with the Director and staff. On the first day, plan your arrival to allow extra minutes of transition time. Feel free to call the Center at any time to check on your child's adjustment and to assist the staff in further understanding your child's needs.

### **Daily Routine**

Play & Learn is open from 6:30 AM to 6:00 PM (Abington Gerstadt Center is open from 6:15 AM to 6:30 PM.) Upon arrival, bring your child and belongings to their classroom and check in with the staff. To keep you informed, each group posts a schedule of daily activities. **Preschool and Kindergarten children should arrive by 9:00 AM.** Parent parking is for drop off and pick up only and is limited to fifteen minutes.

When leaving at the end of the day, check your child's cubby/mailbox for messages, children's artwork, or soiled clothing. Please replenish supplies the next day. Make sure to take your child's daily communication report with you at the end of each day (for infants and toddlers.) **Remember, you are required to sign your child in and out each day on Tablet Keypad at a kiosk or in each classroom.**

**You are responsible for your child until you sign your child into his/her classroom and after signing him/her out at the end of the day. Be sure to watch your child in the hallways and parking lot. Please do not allow your child to play in rooms that are empty at the end of the day.**

### **Nap Time**

An optional nap time is provided daily. Infants nap on an as-needed basis or according to the schedule you provide. For children who are non-nappers, a variety of quiet activities are offered.

### **Daily Outdoor Play**

Your child should have comfortable, washable, and weather appropriate clothing and footwear **at all times.** We go outside year-round, please check with your child's teacher for any additional clothing your child may need. Please make sure your child always has two sets of extra clothing in his cubby in case of emergency.

Children are expected to go outside according to Keystone STARS PA Position Statement when:

- The forecast temperature/wind chill are above 25°,
- The forecast temperature/heat index is less than 90°,
- There is no precipitation falling, and
- There is no current air quality alert.

### **Breakfast**

Breakfast may be brought from home until 8:00 AM. **Children arriving after 8:00 AM should be fed at home.** Infants are fed on an as-needed basis or according to the schedule you provide.

### **Snacks**

Play & Learn participates in the Child and Adult Care Food Program (CACFP), a program that assists in providing healthy, balanced snacks in accordance with nutritional requirements under the Department of Education.

Parents are required to complete a CACFP Enrollment Form and encouraged to complete an Income Eligibility Form for each infant/child. Infants up to 12 months of age will need an Income Enrollment Form. Infants are provided with formula, and when they are developmentally ready to accept, bread and crackers. Toddlers, preschoolers and kindergarteners will be provided with a nutritious mid-morning and mid-afternoon snack.

The monthly snack calendar is posted in your child's classroom. A new Child and Adult Care Food Program Enrollment Form as well as the Income Eligibility Form is encouraged to be completed annually in **October** for each child enrolled in the program.

## Lunch

We recommend cold packs be placed in your child's lunch box to keep items cold and fresh. Lunches that require refrigeration should be labeled and put into the refrigerator by parents upon arrival. For safety reasons, no glass containers, bottles or thermoses are allowed. Microwaves are available in each classroom for food that needs to be reheated. Our centers offer an optional lunch program. Lunches are offered for \$4.00, 3 to 5 days a week. Simply sign up for lunch on the "bill me" form in the classroom and your account will be billed \$4.00 for each lunch that you sign up for. Please see your Center Director for details. **We do not accept cash for lunch.**

Play & Learn provides daily lunch for older toddlers, preschoolers and kindergarteners at the Norristown Center. A menu is available in the center. If your child doesn't care for the items on the menu, please provide a lunch from home.

## Food Safety

Play & Learn Centers are NUT FREE (includes tree nuts & peanuts). Due to the seriousness of this allergy, no foods containing peanut/tree nut products may be brought into the building. Visit [www.snacksafely.com](http://www.snacksafely.com) for a suggested list of peanut free products.

## **Birthday Celebrations**

At Play & Learn, we do more than provide healthy food at snack time and lunch time. We teach kids the importance of making healthy food choices themselves. We ask that in celebrating your child's birthday with his or her classmates, you consider healthy alternatives to cupcakes, cookies and cake. Please remember in making your treat choices that we are a peanut and tree nut free organization.

## **Transitions to a New Class & Toilet Training**

Group or classroom moves are made according to your child's age, development, and space availability. The Director will determine the appropriate placement for all children at the center. Your director will notify you in advance when your child is ready to move and provide time for your child to visit and transition to his or her new group. A "Transition Meeting" can be scheduled to meet with your child's new teachers. In order to receive a preschool level fee, children must be three years old as of September and be toilet trained. A toilet-trained child wears "big boy" or "big girl" underpants and can use the toilet independently without adult prompting for a period of three months. A non-toilet trained child may move to a preschool class; however, the level 3 fee will be charged until independent toilet training is achieved.

## **Discipline**

We strive to create a positive and supportive play and learning environment. At times, limits must be set for the safety and welfare of each child. Children are redirected or gently removed from any problem situation. Staff members give choices and positive alternatives rather than punish negative behaviors. Physical punishment is unacceptable as a means of discipline at Play & Learn.

## **Suspension/Expulsion**

We believe that all domains of learning are supported during play and through strong, positive, interactions with adults. Promoting healthy social and emotional development, including self-control, is one of the fundamental responsibilities of our program. The early years are a critical time for children to learn to control their thoughts, feelings, attention, impulses, and behavior. They are learning how to get along with others and how to be a friend. We know that when children are given the opportunities and support to develop self-control and other social and emotional skills, it gives them the foundation needed for academic success. We support this development through:

### **Our Environment**

- We provide children with materials and engage them in activities that are age appropriate
- We develop routines that meet the needs of young children and avoid long periods of wait time
- We are flexible in our schedule and follow the interests and needs of the children
- We regularly observe the environment and the children as they interact in it to ensure it promotes healthy social interactions

### **Our Teachers**

- Work to develop a relationship with each child
- Encourage peer relationships by creating social opportunities and working with children to resolve conflict
- Always speak to children in a calm tone
- Put words to children's emotions
- Use social stories with young children to teach healthy social skills
- Strive to serve individual needs while ensuring the safety of all children
- Partner with social and emotional experts and other multidisciplinary team members to ensure a child's success

## Our Children

- Learn how to handle conflict in a healthy manner (using appropriate words and not hands)
- Develop skills to help them control their behavior and emotions

Behavior concerns tell us that children need more time, support and practice to develop their social and emotional skills. When serious concerns arise, we will partner with parents and professionals who specialize in supporting children's social and emotional health. On rare occasions, we may work with families to seek the best care for their child if all parties agree that our program can no longer meet the needs of an individual child.

## Dismissal

For various reasons, some children may have difficulty adjusting to the childcare environment. In such cases, and in the best interest of your child, Play & Learn may ask that you withdraw your child. If this should occur, you will be given one week's notice in order to make alternative childcare arrangements. At rare times a family may disagree with Play & Learn's policies and procedures. If disagreements cannot be resolved, a family may be terminated from the program.

## Biting Policy

As your child grows into a toddler, he or she may encounter incidents regarding biting. This behavior is very common among toddlers and even preschoolers. Biting incidents are managed within the classrooms and a plan of action is developed and communicated to both families. Children's names are kept confidential.

We make every effort to extinguish the behavior and to protect the children in the classroom.

## Supplies

To help us care for your child's possessions, it is incredibly important that all items brought to the center are labeled with your child's name. Please mark all items and clothing with indelible marker or name tags.

Please wash linens and blankets each weekend. Personal toys and games are discouraged at the centers, except for "Show and Tell" days. Special books that can be read at circle time are always welcome.

Play & Learn cannot be held responsible for lost, stolen, or damaged personal items. Your child will need the following supplies:

Payments are due in advance of service on the 25th of the preceding month. Any payments not received by the 30th of each month will be charged a \$15 late fee. Families requiring a different payment schedule should contact the Accounting Office.

Minor incidents that occur at the center are recorded on an Incident Report Form and reviewed with the Director who will share the information with families. Families are asked to sign (with complete signature) the incident report which will be kept in your child's file. When more than one child is involved, the other child's name will not be disclosed due to confidentiality.

## **Assessments & Family Conferences**

1. Screenings: Developmental screenings using the 'Ages and Stages Questionnaire' are conducted within 45 days of program entry for each child. The Ages and Stages tool evaluates a child's progress in four developmental domains of social/emotional, cognitive, physical and language/literacy. Results of these assessments are used for referral to community resources as needed.
2. Observation: Teachers collect information about each child's development through on-going observations. The results of these observations are used for curriculum planning, assessment, and individual child planning and referral to community resources.
3. Assessment and Family Conferences: After completion of assessments, utilizing Teaching Strategies Gold, family conferences are offered to discuss the child's developmental progress and behavioral, social and physical needs. Specific dates will be posted at those times. Conferences may also be requested by families or the Center Director at any time, to discuss issues that may arise. Assessments are done in the Fall, Winter and Spring for all children.

### **Family Questionnaires**

Each March, we email families a link to fill out an annual questionnaire about Play & Learn. The confidential results are tallied and comments are shared with Center Directors and Staff. This information lets us know what we are doing well and how we can improve our services.

Parents are invited to a Back-to-School Night held each September. This is a night where parents come to school and meet with their child's teachers to learn about classroom curriculum and activities.

CARELINE contact info : 215-643-4142 / admin@playandlearn.com

## Security

### **Secure Entrances**

All Play & Learn buildings are secured by keypad/fob entry systems. Enrolled families receive a fob, or a code used to gain entry to the center. For security reasons, we ask that families do not give this code to anyone (even an alternate pick-up person). Anyone without a security code will use the video monitor/intercom at the front door. Entry will be permitted after the person is identified. For training and safety purposes, video surveillance cameras are in use 24-hours a day throughout the centers. Video footage is for Play & Learn training and safety purposes only. Due to confidentiality and privacy of all families, video footage will not be shared at any time.

**To further assist the security of the children and building, it is important that you do not hold the door for anyone when entering the building! Each parent should use their personal code/fob.**

### **Child Pick Up**

We cannot release children to anyone other than their parent/guardian without specific written authorization. If someone other than a parent/guardian will be picking up your child, please inform your Center Director in writing. This person must be listed as an alternate pick-up person on your child's Emergency Contact Form and must present picture identification upon picking up the child. Anyone responsible for dropping off and picking up children must be at least 18 years of age. Any situation involving special custody arrangements requires written legal documentation/a court order which must be given to the Center Director and will be kept on file.

Play & Learn staff will not release a child to a pick-up person who appears to be or whom the staff suspects, under the influence of alcohol or drugs. Staff will stay with the child at the Center and contact an alternate pick-up person. If the pick-up person insists on taking the child, staff will contact an emergency pick-up person and the police. **Children of any age should not be left unattended in a car or anywhere in the parking lot during drop-off and pick-up times. All children must be secured in the proper car/booster seat. Cars are not to be left running in the parking lot.**

### **Volunteer Clearances**

Parents and family members who wish to attend or participate in classroom or center events are now required to submit background clearances. This includes any extended period during operating hours exceeding 15 minutes. This may include, but is not limited to, chaperoning field trips, assisting with classroom events, attending special events, reading in the classrooms, etc. If clearances are not on file, you may not be able to participate in center events and activities. See your Center Director for information on how to obtain background clearances.

## Health & Safety Guidelines

### **Illness**

At Play & Learn, we promote the health and well-being of the children in our centers. Our goal is to provide care if the child is comfortably able to participate in the program, will not infect others and does not require more attention than the staff can give in a group setting.

The conditions that require exclusion from the center are as follows:

1. Temperatures: (Taken with a noncontact, infrared thermometer)
  - Infants 4 months and younger with a temperature of 100° or greater, or
  - Children over 4 months of age with a temperature of 101° or greater, who also has behavior changes or other signs or symptoms of illness.
2. Symptoms of severe illness such as lethargy, uncontrolled coughing, inexplicable irritability or crying, difficulty breathing, wheezing, or other unusual signs (until medical evaluation determines the child can remain in care)
3. Uncontrolled diarrhea (stool runs out of the diaper or the child can't get to the toilet in time)
4. Vomiting two or more times in 24 hours
5. Persistent abdominal pain
6. Rash with fever and/or behavior changes, including but not limited to Hand-Foot-and-Mouth Disease, Fifth's Disease, Roseola, and Ringworm, until cleared by a doctor
7. Pink or red conjunctiva (ie, whites of the eyes) or eye lining with white or yellow pus coming from the eyes (signs of bacterial infection), until 24 hours after treatment has been started
8. Head lice or nits, until after the first treatment has begun and all nits have been removed. Head checks should continue for 10-14 days to ensure no new nits have hatched.
9. Impetigo, until 24 hours after treatment has started
10. Strep Throat or other streptococcal infection, until 24 hours after treatment has been started
11. Chickenpox (varicella) until all lesions have dried or crusted
12. RSV, Croup, Influenza, until cleared by doctor and able to participate in care with little or no breathing trouble
13. Whooping Cough (Pertussis) until 5 days after appropriate antibiotic treatment and cleared by doctor.

You will be called if your child becomes ill during the day. If needed, you will be asked to pick-up your child. If you cannot be reached, your listed emergency contacts will be called. Parents are required to arrange for pick-up within one hour. It is important for your child to remain at home until he or she is symptom free and can participate in all group activities. You will be informed when any contagious disease occurs at the Center.

The decision whether to exclude a child from the center will be made by the Center Director or lead staff person caring for your child. In addition, a doctor's note or plan of care may be required prior to allowing your child to return to the center.

### **Health Evaluations/Immunizations**

For your child's protection, we recommend that all children receive the standard immunizations including DTP, measles, rubella, polio, Hepatitis B and a TB test. We require a physician's statement of inoculations and general medical health upon enrollment. Medical Health Forms must be updated according to the age schedule on the reverse of the form to comply with PA Department of Welfare regulations. Failure to provide updated records may result in the termination of your child from the center. Updating a form each time you visit the doctor should keep you up to date. Please see your Center Director for additional forms.

## **Medication**

It is our policy not to administer any medication (including all over-the-counter medications and prescription ointments) at the Center unless it is an emergency. Please request a medication schedule from your doctor so that the medicine can be given at home. If your child must have medication during school hours, a parent should arrange to come to the school to give the medication.

Medication will be administered only when the schedule cannot be altered and with physician approval. These guidelines must be followed:

1. Provide written instructions from your doctor with date, name of medication, name of patient, dosage amount, dosage frequency, a tool for correct measuring of the medicine and reason for medication.
2. Medicine must be labeled with child's name, name of drug, prescribing physician's name, pharmacist's name, dosage, time and frequency to be given.
3. Give all medications and written permission to Director (or lead teacher in her absence). Written permission from parents and Director's approval are required for medication to be administered.
4. A Medication Form from the center must be filled out and signed before medication is to be given.

## **Care for Children with Food Allergies**

Play & Learn Centers are NUT FREE (includes tree nuts & peanuts). Due to the seriousness of this allergy, no foods containing peanut/tree nut products may be brought into the building. **A list of each child's food allergies is maintained in the classroom where staff can view and/or wherever food is served.** However, food allergy is common and may show allergic reactions to several food items. Food allergic reactions can range from mild skin or gastrointestinal symptoms to severe, life-threatening reactions with respiratory and/or cardiovascular compromise. Avoidance is the best practice and our staff are trained in First Aid and Infant & Children CPR that includes the administration of the Epi Pen.

When your child has food allergies, you should provide a care plan prepared by your child's primary care provider, to include:

1. Written instructions regarding the food(s) to which your child is allergic and steps that need to be taken to avoid that food.
2. A detailed treatment plan to be implemented in the event of an allergic reaction, including the names, doses, and methods of administration of any medications that your child should receive in the event of a reaction. The plan should include specific symptoms that would indicate the need to administer one or more medications.

Necessary medications, proper storage of such medications, and the equipment. The written childcare plan, a mobile phone, and the proper medications for appropriate treatment if the child develops an acute allergic reaction is routinely carried on field trips or transport out of the center. The Director or a lead teacher in her absence will notify you of any suspected allergic reactions, the ingestion of the problem food, or contact with the problem food, even if a reaction did not occur. The Director or a lead teacher in her absence will contact the emergency medical services system immediately whenever epinephrine has been administered.

## **Care for Children with Asthma**

When your child has asthma, you should provide:

1. An Asthma Action Plan (AAP) provided by your child's primary care physician to prevent and to treat the Asthma attacks.
2. Medications including the names, doses, and methods of administration and equipment (nebulizer, inhaler, spacer, mask) with a written instruction.

## **Care for a Child with a Disability or a Child with Special Health Care Needs**

Although Play & Learn is not a center whose primary purpose is to serve a population with disabilities or special health care needs, we encourage staff take a flexible approach to combine and deliver services to children with varying forms and severities of disabilities or special health care needs.

When your child is determined to have a disability or special health care needs by your child's primary care provider, any authorized service coordinator, or any provider of intervention services, you, parents/guardians, may arrange the therapeutic services through consultants or outside programs serving children with disabilities or children with special health care needs. These services may be available through the Individualized Family Service Plan (IFSP) or the Individualized Education Program (IEP) or through special health personnel such as RNs or LPNs under RN supervision.

You must be involved to assure that the plan is compatible with their care and determine the type and frequency of the services to be provided within our center but agreed between you and the Director.

The formulation of a plan on how to best meet your child's needs should be based on the assessment process and by your child's medical care plan which is created by your child's primary care provider in collaboration with the childcare health consultant and you. Such a plan should be written, reviewed with you then it should be maintained as part of your child's confidential record. Your child's teacher may become a member of the IFSP or IEP team if you so request and attend the IFSP or IEP meeting for an assessment or a review.

## **Emergencies**

In case of an accident or sudden illness, the following procedures are followed:

1. A phone call is made to 911.
2. Child's parent (or emergency contact person) is called.
3. Child and health records are taken to emergency service at the nearest hospital.

In all cases, an incident report is completed and given to the parent by the Director. It is very important, especially in instances of illness or emergency that the contact information we have on file is correct. Promptly report any changes in address, phone number, employment, physician, or health insurance information to your Director.

## **Staff Trainings**

All Play & Learn staff are certified in Pediatric First Aid, CPR and Fire Safety. Staff maintain their certifications through trainings provided by Play & Learn. Additionally, in-service trainings take place throughout the year.

## **Child Abuse Reporting**

All Play & Learn staff are trained in child abuse reporting obligations. All staff members are required by law to directly report any suspicions of child abuse and neglect to Childline at 1-800-932-0313 as per OCDEL regulation 3270.19.

## **Playground**

Our enclosed playgrounds are designed with age-appropriate equipment/surfaces, which meet the OCDEL standards for child safety. Staff members check the playground to ensure safety each morning prior to the children's arrival.

### **Hand Washing Policy**

To comply with Keystone STARS and to maintain a healthy environment, Play & Learn has adopted a hand washing policy. Play & Learn staff will wash your child's hands before and after eating, after outdoor play, after diapering and periodically throughout the day. **We are requesting that every parent wash his/her hands and his/her child's hands upon entering the classroom each day.**

### **Clean Floor Policy**

Parents must wear shoe covers before entering infant classrooms, to ensure the cleanliness of the floors.

### **Elevator**

The Abington Gerstadt Center has an elevator from the main floor to the second floor. You must hold your child's hand when entering and exiting the elevator. No child should be allowed to use the elevator without adult supervision.

## Services Above & Beyond

### **Infant and Toddler Contracted Slots Pilot Program**

Infant Toddler Contracted Slots Pilot Program is a free program for children up to 3 years of age who are currently participating in Child Care Works. The Infant Toddler Contracted Slots Pilot Program is currently offered at the Collegeville, Hatboro and Lansdale Play & Learn Centers. There are eligibility guidelines that must be met in order to be included in the program. More information and the schedule for the 2022-23 school year can be obtained by calling 215-643-4142 or emailing [kmosley@playandlearn.com](mailto:kmosley@playandlearn.com).

### **Pre-K Counts**

Funded by Pennsylvania's Office of Child Development, Pre-K Counts offers a free early education program for children ages 3-5 years. The program runs for 180 days during the 2022-23 school year for 6hr/day program. Certified teachers utilize an appropriate curriculum that is aligned with state and local standards and children receive plenty of one-on-one time with the teacher in a small class size. ### **Trips/Activities**

Throughout the year, special in-house activities (puppet shows, traveling zoo, etc.) and field trips are planned depending on the children's age. Parents are notified in advance when a trip involving transportation is planned. A limited number of family members are welcome to assist. Children are required to wear their Play & Learn t-shirts on trips for easy identification. T-shirts may be purchased from your Center Director. Children not scheduled on a day of an activity/trip, may attend and will be charged according to the fee schedule. If you choose to have your child at the center during an activity/trip, please notify your Center Director.

### **Babysitting**

Due to liability concerns, it is against Play & Learn policy for employees to provide babysitting services for our enrolled families. Play & Learn offers a group care environment and cannot endorse care in a private home.

## Granny Scholarship Fund

To be eligible, you must be currently receiving public assistance and have a green EBT Access card.

In order to obtain a car seat, you must have a written prescription/referral from a healthcare provider (doctor, nurse, social worker, etc.) along with an EBT Access card and photo identification. The prescription/referral form must state your need for a child safety seat and that you cannot afford to buy a safety seat.
